What it is about

Fyooz is launching exclusive NFTs with some of the world's biggest artists and celebrities. **FYZNFT** is the token that grants access to NFTs directly from the world's biggest artists and celebrities, including a next dimension in NFTs: Experience NFTs. The holders of **FYZNFT** will get:

Live Stream NFTs	Award NFTs
Live Gaming NFTs	Custom Car NFTs
Digital Merch NFTs	Collab NFTs
Career Highlight NFTs	Music Video NFTs
Meme NFTs	Song NFTs
Platinum Plaque NFTs	Social Media NFTs

As a **FYZNFT** token owner, you get the exclusive right to become a member of the "FYZNFT Moon Club" in the form of a Telegram group. There is a good chance you will meet celebrities in this group, since they are members holding FYZNFT as well.

Anyone who gets their hands on an NFT through the FYZNFT Moon Club will have two options: Keep it or sell it

As of the publication of this White Paper, a Uniswap pool has been created with an initial liquidity of 200,000 FYZNFT. The initial price at pool opening is **\$0.05 per FYZNFT**. Please note that the price may be affected by third party bots. The total supply is 1,000,000 FYZNFT.

Experience NFTs

Besides all the known NFTs Fyooz introduces a new type: The Experience NFT. The owner will get up close and personal with artists and celebrities, like never before.

The associated experience can be a one time or a multiple-time experience, or indeed a ticket for ongoing events. Since Experience NFTs can be traded after the issuance in the FYZNFT Moon Club, the market will decide what the experience with the celebrity will be worth. Examples might be:

Beer Pong with
Post Malone

Live Chat with
Lil Yachty

Studio Session
with **Mustard**

As with one-time or multiple experiences, the collectible may still be worth something after the experience has been redeemed since the history of any collectible is key.

How it works

With the publication of this White Paper, the race for the first **FYZNFT** tokens begins. There is a total supply of **1,000,000 FYZNFT**. The holders of the minimum amount of **1,000 FYZNFT** get access to the FYZNFT Moon Club. These are the members that will get the exclusive NFTs.

1. We will airdrop **200,000 FYZNFT** to the Fyooz Circle Community. At the same time, **FYZNFT** can be purchased on Uniswap. The initial price per **FYZNFT** is **\$0.05**.
2. The group will be opened and accessible at the latest in two week from now.
3. Once the FYZNFT Moon Club is live, members will will have the opportunity to get the the NFTs in the following ways:

NFT Airdrops

NFTs will be airdropped to the members. The mechanism for assignment could be:

One for all: All members get the NFT

First come, First served: A limited number of members get the NFT

Votings: Members vote on allocation

FYZNFT holdings: The more you hold, the more you benefit

Wheel of Fortune: Leaving it to chance

NFT Purchase

NFTs can also be purchased by the members according to the following principles:

Auction:	An auction is organized by Fyooz within the FYZNFT Moon Club
Bidding:	The highest bidder receives the NFTs
Group Purchase:	A group of FYZNFT decides to purchase an NFT together

Perhaps other forms will emerge in the future.

Access to the FYZNFT Moon Club

Once the circle is established you need to hold at least **1,000 FYZNFT** or the system will automatically remove you from the group of eligible participants. It's also possible that additional rules will be established to add some momentum.

How to get FYZNFT tokens

There are two possibilities to get **FYZNFT**: By airdrop in the Fyooz Circle Community or purchase on Uniswap.

Airdrop to the Fyooz Circle
